About Marathi Samajshtra Parishad:

The study of Sociology started in the first half of the 20th century in Mumbai University and after that Sociology was taught at the university and college level all over India. Sociology can be mentioned as a very popular subject under the Faculty of Sociology in Maharashtra.

In Maharashtra, Marathi medium was adopted for education at degree and post-graduate level. Therefore, there was a need to provide sound study material with reference to the subject of sociology. Recognizing this need and from a sociological perspective, the need for an independent platform arose at the Maharashtra level for the exchange of ideas between professors, researchers and students. Due to this, in 1981, Dr. M. G. Kulkarni contacted the professors of sociology in various universities and proposed the idea of creating such a platform. This is why the Marathi Society of Sociology Parishad was formed. Efforts were made to get the legal status of the Marathi Sociological Council. According to the Institution Registration Act 1860, the Marathi Sociological Council received the registration certificate and a certificate was obtained under the Bombay Public Trustee Act, 1950, on 27/06/1983.

Dr. M.G. Kulkarni as the first president of Marathi Sociology Council, Dr. V.V. Deshpande as the secretary of the council, Dr. Sudha Kaldate as the treasurer and Dr. P. L. Bhandarkar, Dr. Vilas Sangwe, Dr. Y.B. Damle as the executive members. Dr. Dharendra Narayan, Dr. Valunekar, Dr. Shailja Joshi were selected.

At present the President of Marathi Sociology Council for the period 2022 to 2024, has been Dr. Rahul Bhagat, Secretary Dr. Ashok Borkar, Treasurer Dr. Dhananjay Sontakke, and university representative members in the executive of various universities in Maharashtra.

About the theme of the conference :

Sociological perspective on environment emphasizes the inseparability of natural and social systems. Today as environmental changes are sparing no national boundaries, a deeper understanding of the interlinkages between environment and society is required. The present conference seeks to discuss environmental change, sustainability and social justice as mutually interlinked. It aims to have dialogue and discussion on how environmental and climate change are products of the global political ecology and in turn shape the basic systems like food production, health, labour, spatial divisions, migration and so on.
